# *Qui Est Raquel ?*

Raquel started dancing at the age of 6. After academic training as a ballet and contemporary dancer, she turned to ballroom and participated in numerous international competitions before falling in love with Argentine tango.

In 2001, she moved to Buenos Aires where she worked with prestigious dancers and teachers such as Carlos Gavito, Osvaldo Zotto & Lorena Ermocida, Roberto Herrera, Gustavo Naveira & Giselle Anne, Javier Rodriguez & Geraldine Rojas, Nito & Elba, Vanina Bilous. ..

There, she developed a very personal style, characterized by a subtle fusion of traditional and "new age" tango, in which elegance, grace and musicality coexist in perfect harmony with the deep soul of tango.

In 2012, she decided to return to London where she continued her experience as a dancer, performer and teacher.

She founded her Tango Academy there and organized numerous events and masterclasses, while continuing to travel the world and organize trips around Tango (USA, Latin America, Asia, Europe), alone or accompanied by her partners, among whom, Pablo Veron, Diego Rimer, Diego Escobar...
